Dear Mr. Lake:

I have recently been contacted by members of the Bowling Green Jaycees in regard to actions you have taken which cause distress. After reviewing the numerous letters and postcards you sent I am convinced that you are engaging in, and have been engaged in since October 30, 1998, a pattern of conduct that would constitute Menacing by Stalking. Specifically, your actions have caused those members who have received your letters mental distress.

Currently I am investigating the possibility of filing charges of Menacing by Stalking against you. In pursuing that investigation I would appreciate your input, which may eliminate the need for a prosecution. If you desire legal counsel while speaking to me feel free to contact an attorney. In any event, please contact me as soon as possible.

In the interim I would advise you not to send any more letters or postcards. If you do I will have no other course of action except to file charges. Eliminating this unwelcome activity will go a long way in resolving this matter.

Once again, please contact me as soon as possible. If I do not hear from you on or before June 4, 1999 I will file charges of Menacing by Stalking.

Sincerely,

A handwritten signature in black ink that reads "Matthew L. Reger".
